Book File Details:

Review: Based upon decades of rigorous scientific research and careful consideration of how to safely approach the use of entheogens in the study of consciousness, William Richards summarizes a path forward that is at once intensely bold and deeply responsible. Richards refuses to use hyperbole when discussing the promises of this research or devaluation when...

Description: Sacred Knowledge is the first well-documented, sophisticated account of the effect of psychedelics on biological processes, human consciousness, and revelatory religious experiences. Based on nearly three decades of legal research with volunteers, William A. Richards argues that, if used responsibly and legally, psychedelics have the potential to assuage...
